Hartford Y. M. C. A. Boys Camp.

Every boy has enough of the savage instinct in him to yearn for a few days in the woods where he can roight. A few boys from the Hartford Y. M. C. A. returned Monday after spending a few days on Walter Allen's farm, five miles from town. Sure they were tanned, a little hoarse, unshorn and had a few bruises, but they were also better for having spent a few days with nature. Swimming, boating, tramping, camp-fire and the spontaneous games that spring from youth, kept things lively. Yes, it rained, but that is part of the game. The camp was called Camp Rough and the two tents were named the Skeeters and the Owls. As to cooking, we took turn-about, and we did eat! Here is a sample menu: Ham and eggs, oatmeal, fried potatoes, fried green tomatoes, spring water and coffee. Brainery, Rusty, Dutchman and Martin were chief cooks. Pewee was the water-dog and when it came to boating, Pepper was the oarsman. The "Owl" tent was composed of Harold and McHenry Holbrook, R. Foreman and Douglas Felix. The "Skeeter" tent held Raymer Tinsley, Frank Russell, Charlie and Martin Thomas, and Finnegan Mattingly. Mr. Richard Sidelius the County secretary, went with them. Mr. Foreman's and Mr. Felix's visits were appreciated as was also Mr. Holbrook's gift of eatables.

The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one 50-cent bottle entirely cured me of asthma, which had been growing on me for twelve years, and if I had taken it at the start, I would have been saved of years of suffering."

THREE DEAD

And Sixteen Others Injured in Illinois Central Wreck at Vine Grove, Monday.

A wild freight train running down grade at thirty-five miles an hour was responsible for a serious wreck that occurred on the Louisville division of the Illinois Central railroad Monday afternoon at 3:40 o'clock at Vine Grove, Ky., about thirty-five miles from Louisville. Three passengers are dead, two are perhaps fatally injured and sixteen others sustained cuts and bruises which will confine them to their homes and the hospital for several days.

The wreck occurred at Vine Grove, a small station about thirty miles south of Louisville. It was caused by an extra freight train running into a passenger train which had become disabled at the foot of a steep grade.

Awful Deed of Barren County Farmer.

GLASGOW, Ky., June 26.—At Tracey in the southern portion of this county yesterday at 9 o'clock, Marcus Steeburg, a well-to-do and highly respected farmer, struck his wife on the head with a piece of scantling, crushing her skull; then with a pocketknife he cut his own throat from ear to ear. Steeburg has been slightly demented since the first of the year, but has shown no disposition to be violent. He is thirty-five years of age, and it is thought he will recover. Physicians hold out no hope for the unfortunate woman.

The tragedy has cast a gloom over that entire section.

R. H. BARNES,

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure, your system gets all the nourishment out of all the food you eat. It digests what you eat, regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak heart, etc. Sold by J. H. Williams.

Peace Hardly in Sight.

The peace negotiations between Japan and Russia have come to a dead halt on the account of the illness of Count Lansdorf, the Russian Minister for Foreign Affairs. Count Cassini called on President Roosevelt, but he had nothing of importance to communicate. It is learned that the suggestion of an

armistice has not been received with absolute favor by either of the warring nations, and it is unlikely that arrangements for a truce will be concluded before the formal meeting of the peace conference. The belief in Washington is that the convening of the plenipotentiaries will be delayed and will not take place by the first of August, as has been expected.

Assaulted the Jailor.

OWENSBORO, Ky., June 26.—It became known to-day that Robert Mathley, who is condemned to be hanged on July 7 for the murder of Emma Watkins, assaulted Jailor Ashby Sunday at noon when the jailer entered his cell to give him his dinner.

As the jailer entered the cell, Mathley clutched him by the arm and made an attempt to grasp him by the throat. Mr. Ashby caught the condemned murderer by the neck and a lively struggle ensued, which resulted in Mathley being forced to the floor and overpowered. Jailor Ashby received several severe bruises. Mathley did not utter a single word before, after or during the assault, and the jailer is at a loss to understand his conduct. Some of the relatives of the prisoner were in the jail at the time and had been conversing with him only a few seconds before he assaulted the jailer.

Several days ago Jailor Ashby intercepted a letter which Mathley had sent out, and in which he told a woman how to send steel saws concealed in bananas. One of the prisoners says that Mathley has frequently declared that he would whip the jailer for interfering with his plans. Mathley's friends say that the assault is an evidence of his insanity.

Dropped Dead While Milking.

LExINGTON, Ky., June 26.—While engaged in milking a cow at his farm near this city, Sunday afternoon, James W. Gordon, aged sixty-nine years, dropped dead, and it was some time before his family discovered him.

Mrs. Hocker Dead.

Friday, June 23, at her residence in the Goshen neighborhood, Mrs. Manerva Hocker, widow of the late Philip Hocker, quietly passed from this world of sorrow to her blissful inheritance—the saint's happy home. Mrs. Hocker was the eldest child of Jerry Williams and Cynthia Morton Williams. She came of pioneer stock on both sides of the development of county and State. Mrs. Hocker was an exemplary member of Beaver Dam Baptist church, with which she united early in life. Notwithstanding her Baptist conviction, she was liberal and charitable in her views and constantly helped in the care of Goshen church and cemetery, dear to her from a lifetime's attendance with neighbors and loved ones. Mrs. Hocker was loved and honored by her neighborhood, and her words of counsel and acts of love will be missed alike by old and young. She leaves one daughter, Miss Anna Hocker, and three brothers, E. T. Williams, Will Williams and Min Williams, and one sister, Mrs. Henry Duke.

Funeral services were conducted by Bro. Bean, a lifetime friend of the family, after which her body was laid to rest in Goshen cemetery, surrounded by the hallowed dust of those she loved. Thus one by one the loved ones cross the river—one by one they swell that throng no man can number.

To the dear daughter and brothers and sister we say, weep not, but rejoice that another tie binds you to the better land; and when your summons comes may it find you as it found your dear one, ready to enter into that kingdom prepared for her by her blessed Master.

President Roosevelt has issued a call for a meeting of the Board of the Consulting Engineers of the Isthmian Canal Commission to be held in Washington, September 1. The purpose of the meeting is to consider plans for the construction of the canal.

President Off for the Summer.

WASHINGTON, June 26.—President Roosevelt left Washington this evening by a special train for Cambridge to attend the commencement exercises at Harvard. He will not return to Washington, but will go to Oyster Bay, where he will spend the heated season at his home, Sagamore Hill. He was accompanied by Secretary Loeb, the White House staff of secret service men and representatives of the press associations.

John Pratt, believed to be the inventor of the typewriter, died in Chattanooga last Saturday.

Trouble in Poland.

Ten regiments were encamped in Lodz, Russian Poland, last Sunday, and fighting has been stopped, though other outbreaks are momentarily expected. The number killed on Friday is not known, and estimates vary from 100 to several hundred, while probably 1,000 were wounded. Four Cossacks were killed Saturday and sixteen others wounded by a bomb. An outbreak is threatened at Warsaw, and an effort is being made to bring about a general strike in the industrial towns of Poland.

Killed His Brother-in-Law.

MADISONVILLE, Ky., June 24.—Robert Gresham shot and killed his brother-in-law, Gilston Teague, at Providence, near here. The killing was the result of a family quarrel.

Don't Complain.

Some of the farmers have been just a little uneasy on account of the short rainfall during the present month. It is an old saying and no doubt a very true one, that a dry June is the best for a good crop. It permits the farmers to get rid of the weeds and it is better to have a drought at this time of the year than in July or August.

OBITUARIES—CHARGES, ETC.

THE NEWS IN BRIEF.

M. V. Monarch, formerly one of the leading business men of Owensboro, was declared insane in the Daviess Circuit Court.

The Kentucky State Fair will begin September 18th at Lexington and continue one week. \$25,000 in premiums will be offered.

The State has brought suit at Hopkinsville against the Cumberland Telephone and Telegraph Company for \$250,000, alleged to be due for taxes for the past five years.

Gilston Teague, a stock buyer, was killed at Providence during a quarrel with Robert and Joe Crenshaw, brothers-in-law, over possession of a child which Teague's divorced wife was attempting to take away. The woman and Crenshaw claim Teague killed himself, while others say he was killed by Robert Crenshaw.

Bands of insurgents in the province of Erwan, Transcaucasia, recently sacked and burned four Armenian villages. They attacked a fourth village and were repulsed, 100 being killed. Cossacks subsequently met the insurgents, inflicted heavy punishment and captured 870 prisoners. The insurgent forces number 37,000 men, and the aging is spreading.

Worms Don't Like It.

Everybody knows that cabbage growing is never a success here on account of the ravages of worms. A gentleman who had perfect success last year, says if, after the worms begin to show their

work, you will heap dry dust on the top of the cabbage, and keep it that way, that the worms will leave in disgust and you can have as good cabbage as can be raised anywhere. Try it.

The Salve that Penetrates.

DeWitt's Witch Hazel Salve penetrates the pores of the skin, and by its antiseptic, rubefacient and healing influence, it subdues inflammation and cures Boils, Burns, Cuts, Eczema, Tetter, Ring Worm and all skin diseases. A specific for blind, bleeding, itching and protruding piles. The original and genuine Witch Hazel Salve is made by E. C. DeWitt & Co., and sold by J. H. Williams.

Puzzling "Hoss" Case.

Paducah has a "hoss" case in court which promises to be extremely interesting. A man had a mare worth \$500. She injured herself in such a way that it was decided to kill her. The owner hired a negro to take her away to the country and kill her. The negro sold her for \$2 and came back and reported that he had killed her and was paid \$2 for the job. The former owner has discovered his mare, which is in fine condition and again worth money, her purchaser having cured her. He demands possession and damages for her detention. The present owner denies the claim of the former owner, but asks \$500 for the trouble and expense of caring for her.

BOAT SCHEDULE.

The boat, "We Three," Capt. W. M. Foreman in charge, is making regular trips between Hartford and Evansville, leaving here each Monday and returning Saturday. This boat will govern themselves with this boat will govern themselves accordingly. Freight traffic solicited.
